

Mayor Gregory J. Oravec 

May 20 at 12:08 PM · 

Dear PSL,

My family and I have given everything we could to Port St. Lucie over the last twenty years and serving you as mayor has been one of the greatest honors of my life. I'm incredibly proud of how far PSL has come since its incorporation, the depths of the Great Recession and, more recently, my election in 2014. What we have done together over the last six-and-a-half years, through a group of Councilmembers, city employees and citizens working hard, smart and together, is truly remarkable. We completed the Crosstown Bridge; reduced the city tax rate five years in a row (with the sixth on the way); slashed the debt; remained the safest large city in Florida; put the massive McCarty Ranch stormwater treatment area into service; made the most of all those high profile economic development busts of the past; facilitated the creation of thousands of jobs in targeted industries; upgraded every single component of our infrastructure, including sidewalks, roads, stormwater, trails, and parks (with hundreds of more projects on the way); and so much more. Not only have we turned our ship of state around, I think it is fair to say that our reputation has never been stronger, as reflected by US News & World Report naming us one of the best places to retire, one of the best places to live near a beach and one of the most desirable places in the nation.

As I enter the home stretch of my second term and as we finally get to the other side of the COVID-induced state of emergency, my mind has turned to what comes next. While a part of me would like to be mayor for as long as you—the people—would have me and while many supporters have encouraged me to seek higher office, after careful reflection, I have determined that I have no interest in pursuing a partisan elected office in today's political climate and that after fulfilling my original campaign promises to the people of Port St. Lucie, I owe it to my family to evaluate select public service employment opportunities in which I could continue serving the public while also doing a better job of taking care of my family financially. Accordingly, this statement serves to announce that I will not be seeking re-election in 2022.

Please know that I will forever be grateful for your support and for the opportunity to serve our community. There are so many people to thank, especially the citizens invested in building an even better PSL; the best City Council I have ever worked with in any capacity; our City Manager, City Attorney and all the hardworking employees who put service above self; special federal and state officials; institutional partners; and countless others.

Wherever life may take me next, please know that I will always carry PSL with me in my heart. It will always be the place where Peanut was born and where all my children were raised. Of course, until November 2022 or a separate announcement, I'm going to do my best to keep this award-winning run going as we continue working hard, smart and together on making Port St. Lucie an even safer, more beautiful, and more prosperous city for all people.

Thank you for being part of PSL. Thank you for allowing me to be a part of it. Let's all be proud of it.

With gratitude, I am

Very truly yours,

Greg

Thank you for your service to our community. I'm sorry you're not going to continue, but family comes first. It was so wonderful to have a mayor with common sense & work for the good of the city.
